A Winning Team: you, your consultant, and Travel Intrigue

Welcome to the world of parenthood. With your adoption travel stretching in front of you, you'll need a travel agency that can deliver the peace of mind you require. Travel Intrigue will work directly with your Adoption Associates consultant, ensuring you and your child can rest easy while you make your way home. Using an inside travel agency offers benefits you won't find elsewhere. Here's what Travel Intrigue brings to you:

Expertise With Adoption Fare Pricing

Travel Intrigue agents know airlines offer special adoption prices, and they know how to save you 65% off a full airplane fare. What's more, the tickets are fully refundable and changeable, and you don't have to purchase them in advance. Last-minute travel changes happen, and TI delivers the flexibility you'll need.

In-Country Planning and Assistance

All the details are taken care of, like advance itineraries some countries require before issuing a visa. It's all in a day's work for Travel Intrigue agents, including passport and visa assistance for in-country emergencies. Our staff can also offer information to help you obtain a transit visa for your child. And you can count on us to assist with hotel bookings and to arrange tours that will allow you to experience the country's people and culture.

A Friend To Depend On

With 54 years of Travel Agency booking experience, employees are experts at everything from counseling you on your travel options to coordinating your seat assignments. We'll carefully monitor schedule changes, and unlike other agencies, we're available 24 hours a day by phone. We're never beyond your reach.

Right Here, Right Now

Located inside our Jenison, Michigan office, Adoption Associates consultants around the state work with Travel Intrigue on a daily basis. Together, they'll tailor your travel plans to meet your needs. And you can be assured AAI staff will stay informed of your travel timeline.
